

MOTION® R12-SERIES DOCKING STATION

ACCESSORY SPECIFICATIONS

The R12-Series Docking Station expands the utility of the R12 platform by enabling a full-featured desktop computing experience. Thoughtfully designed to integrate into your workflow, this dock works with the Work Anywhere Kit case attached, has a full suite of I/O capabilities and an integrated charger for a spare battery. The adjustable viewing angle and VESA mounting pattern provide options for mounting on wall or desktop to ensure a comfortable viewing experience in your environment.

KEY FEATURES

- Expand the R12 tablet into a full-featured desktop computing and charging solution
- Dock with the Work Anywhere Kit case installed on the tablet
- Compatible with tablets configured with select optional SlateMate™ expansion modules
- Charge a spare battery to ensure a full day of computing while away from the office
- Designed with VESA pattern holes (100mm) for alternative mounting configurations (requires removal of adjustable base)
- Integrated battery charging bay
- Adjustable angle for comfortable viewing
